# Introduction To The Company

B B V Marine Surveys is a dedicated firm offering professional marine and cargo inspection services. Our team of experienced surveyors delivers thorough, efficient assessments that help ensure safe handling, loading, and transport of all types of cargo. From vessel inspections to reefer cargo surveys, we tailor solutions that align with international standards and client expectations. With our in-depth knowledge of marine operations and logistics, we support freight forwarders, vessel owners, charterers, and insurance providers by reducing risk, verifying conditions, and ensuring documentation is precise. Integrity, accuracy, and commitment define our approach.

01

## Custom Solutions

At B B V Cargo Marine Surveys, we understand every cargo is different. Our inspection services are tailored to meet specific cargo types, transport conditions, and client requirements — ensuring precision from port to destination.

02

## Advanced Technology

We utilize the latest tools and digital reporting systems to provide accurate assessments and fast documentation. Our tech-driven approach enhances efficiency, traceability, and confidence in every survey.

03

## Global Reach, Local Expertise

With a strong network across ports and in-depth knowledge of regional regulations, B B V offers globally consistent services backed by local insight — ensuring compliance and reliability wherever your cargo goes.

## Cargo Surveys

At B B V Cargo Marine Surveys, we provide detailed cargo survey services to ensure quality, quantity, and condition throughout the supply chain. Our expertise covers a wide range of cargo types including fruits, commodities, vehicles, and heavy machinery. We conduct pre-shipment inspections, reefer/dry cargo surveys, flatrack cargo assessments, and vehicle and machinery condition reports. Our team also performs accurate quantity checks, damage assessments, and cargo tally operations to minimize disputes and claims. Every survey is tailored to meet client needs, ensuring reliable documentation and safeguarding cargo integrity from origin to delivery.

## Marine & Cargo Claims

At B B V Cargo Marine Surveys, we provide comprehensive support for Marine & Cargo Claims, helping clients navigate the complexities of cargo-related disputes. Our services include marine surveys to assess vessel condition and performance, cargo surveys to evaluate cargo integrity, and detailed damage assessments to determine the extent of loss. We assist with claims investigations, helping freight forwarders, insurers, and vessel owners identify the cause of damage or loss and support claims processing. Our thorough documentation, expert evaluations, and timely reporting ensure that every claim is handled efficiently and accurately.
